

## Pflitsch UNI-dicht wartels ATEX met Metrische draad

[Naar productpagina](#)

|                                      |          |
|--------------------------------------|----------|
| Merk                                 | Pflitsch |
| ETIM productklasse                   | Wartel   |
| Kwaliteitsklasse                     | Messing  |
| Materiaal                            | Metaal   |
| Type schroefdraad                    | Metrisch |
| Slagvast                             | Ja       |
| EMC-uitvoering                       | Nee      |
| Met contraoer                        | Nee      |
| Explosiegeteste uitvoering           | Ja       |
| Voor explosie veilige zone gas       | 1, 2     |
| Voor explosie veilige zone stof      | 21, 22   |
| Celtechnologie                       | Recht    |
| Type trektoelasting volgens EN 62444 | Type A   |

| SKU    | Product    | Nom. draadmaat metrisch/Pg | Uitvoering | Spoed schroefdraad | Schroefdraadlengte | Geschikt voor kabel diameter | Sleutelwijdte | Zeskant hoogte |
